

COMPANY PROFILE

Trusted by businesses worldwide for **24/7 remote CCTV monitoring**, security alerts and smarter surveillance solutions

WELCOME TO OUR COMPANY

Welcome to **Global CCTV Monitoring Services** (GCCTVMS) where your safety is our mission. We are a leading remote CCTV monitoring provider operating 24/7 across the UK, USA, Singapore, Dubai and Pakistan. Using advanced surveillance technologies and a dedicated team of highly trained security professionals, we safeguard your business, property and peace of mind. Whether you are a retailer, construction firm, warehouse owner, or managing a private residence, with GCCTVMS, you're never unprotected. Let us watch your world so you can sleep safely.

ABOUT US

Founded in 2019 by **Najmul Hasan Syed**, GCCTVMS began during the challenging times of the COVID-19 pandemic with a simple vision: ensure safety when traditional security was stretched beyond capacity. Starting with a mission to protect small businesses, warehouses and private properties, the company has grown globally through trusted partnerships with Learn CCTV, Webeye, Eagle Eye, Lojack and a commitment to proactive security solutions.

INTRODUCTION FROM OUR **CEO**

At GCCTVMS, we believe true security is built on trust, reliability and innovation. When I founded this company, my vision was clear: to create a service that goes beyond just watching screens a service that proactively protects businesses, people and assets around the clock.

From our early days to becoming a trusted global name in remote CCTV monitoring, our journey has been defined by commitment and resilience. We have invested in the right people, cutting-edge technologies and strong partnerships to ensure every client feels confident knowing we are always on watch.

As CEO, I am proud of the dedicated team behind GCCTVMS and grateful to our clients who continue to put their trust in us. Together, we will keep raising the bar for security and shaping a safer future.

Najmul Hassan Syed
Chief Executive Officer, GCCTVMS

OUR SERVICES

24/7 Live CCTV Monitoring

Real-time monitoring for businesses, workspaces and industrial sites with instant alerts to threats, keeping your property under constant protection.

Virtual Doorman Services

Control home/building access remotely with live agents monitoring entrances in real time. Our team verifies visitors, deters intruders and ensures only authorised access.

Nanny Cam Monitoring

With our nanny cam monitoring service, parents can keep an eye on their children and caregivers in real time. Our 24/7 monitoring team ensures safety, accountability and transparency.

OUR SERVICES

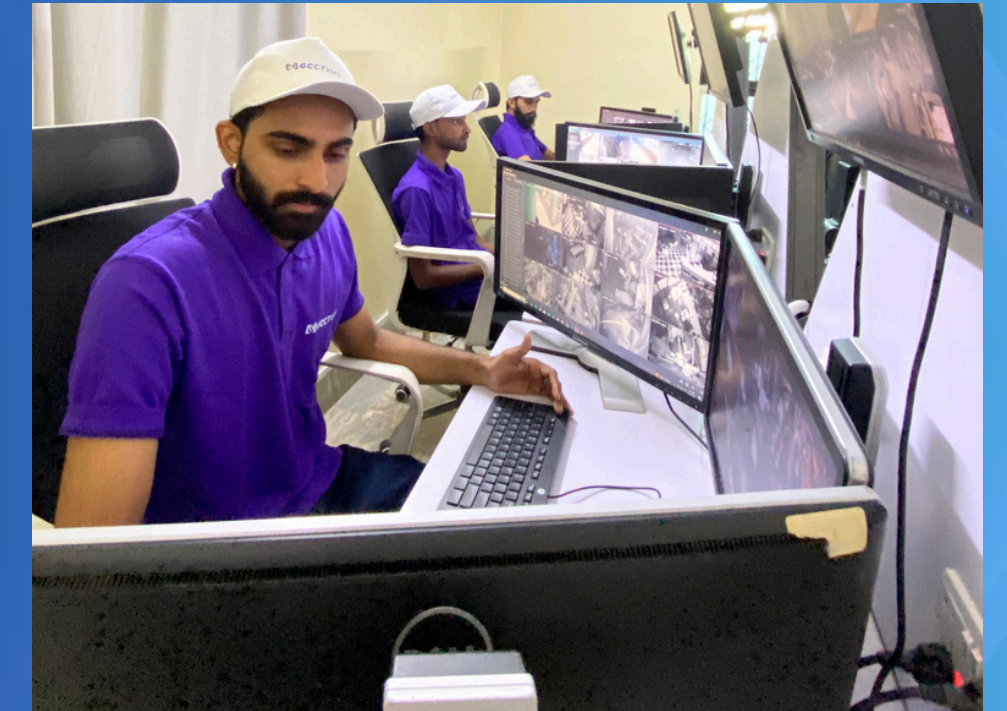

Two-Way Audio Surveillance

Interactive surveillance allowing agents to communicate with visitors, assist staff, or deter intruders directly through cameras.

Cyber Security Monitoring

We protect your digital world from malware, phishing, and unauthorized access. With real-time threat detection and instant alerts, your data and operations stay secure.

Screen Monitoring

We monitor employee and remote activity to keep work productive, secure, and compliant. Unusual behaviour is flagged instantly to protect against misuse and insider risks.

OUR SERVICES

Remote Horse Care Surveillance

Allowing owners to keep a constant eye on their stables and horses in real time, ensuring safety, health, and peace of mind from anywhere.

Pet Monitoring Services

We let you keep an eye on your pets anytime, anywhere. With real-time video access and instant alerts, we make sure your pets stay safe, even when you're away.

Fire and Safety Monitoring

It detects early risks and triggers instant alerts, ensuring rapid response and complete site protection around the clock.
